KB-M205

Multimedia Keyboard with Six Hot Keys

Experience a new generation multimedia desktop keyboard from Genius, KB-M205. The low-profile keycap structure provides maximum typing comfort and a quiet typing experience. There are six hot keys for media control and Internet access, giving you one touch controls to access music, volume and the Internet so you can accomplish tasks faster. In addition, a spill resistant design protects the keyboard from accidental spills.

The KB-M205 classic black and red finish provides a sleek, eye-catching design with durability to match, and it is expected to be the most popular multimedia keyboard this year.
